THE UNIVERSAL CAR

With Summer comes the Rush Season for Ford Cars

Each year thousands have been compelled to wait for their cars after placing their orders. Sometimes they have waited many months.

By placing your order now, you will be protecting yourself against delay. You will be able to get reasonably prompt delivery on your own Ford car. And you will have it to enjoy when you want it most--this summer.

Don't put off placing your order.

Make Your Own Light and Power

Here is the complete Kohler Automatic Power and Light outfit. Note the simplicity of its construction, its clean-cut appearance, its sturdy build—note, above all, the entire absence of the usual bank of large glass battery cells. There are but three simple units in the Kohler system: its efficient four-cylinder, water-cooled motor; its dependable generator connected directly to the motor, and a small automobile-type battery for starting the motor.
